II. REMARKS

Claims 1, 4-24, 26-34, 36-47, and 49-69 are pending. The Applicants' attorney has amended claims 16, 18-20, 22-24, 27, 34, 46, 50, 55, 57, 61, 62, and 67, and has cancelled claim 35 without prejudice or disclaimer. In light of the following, all of the claims are now in condition for allowance; therefore, the Applicants' attorney requests the Examiner to withdraw all of the outstanding objections and rejections.

The Applicants' attorney, Bryan Santarelli, thanks the Examiner for conducting a telephone interview with Mr. Santarelli on September 12, 2006. During the interview, the Examiner and Mr. Santarelli discussed how the claims define over the prior art.

During the interview, the Examiner agreed that the above amendments render all of the claims allowable over the prior art. Specifically, the Examiner requested that "direction" be replaced with "polarity," which makes clear that the claim sections that include "polarity" are not referring to a direction in which a beam is being swept.

Also during the interview, the Examiner indicated that he will allow all of the claims as amended if Mr. Santarelli files terminal disclaimers for related co-pending application Ser. No. 09/858,688 and for related issued U.S. Patent 6,639,719. Therefore, these terminal disclaimers are enclosed.

Conclusion

In light of the foregoing, claims 1, 4-24, 26-34, 36-47, and 49-69 as amended are in condition for allowance, which is respectfully requested.

In the event additional fees are due as a result of this amendment, you are hereby authorized to charge such payment to Deposit Account No. 07-1897.

If, after considering this response, the Examiner does not believe that all of the claims are allowable, then he is requested to contact the Applicants' attorney, Bryan Santarelli, at (425) 455-5575 to schedule a telephone conference.

DATED this 13th day of September, 2006.

Respectfully Submitted,
